releases tension by acting on the meridians. It unifies body and mind, bringing absolute relaxation and profound well-being.

This moment of intense relaxation begins with the vibrations of Tibetan bowls. You'll have the opportunity to choose a card, a message of light and a quartz stone to guide you on this spiritual journey of unique release.

The massage is performed with a KANSA wand, considered the healing metal of India.

This treatment will also help fade signs of fatigue, bring a real radiance boost and have a lifting effect.
